

How to Count

in the

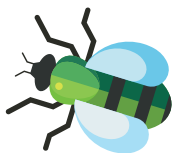

GREAT GEORGIA Pollinator Census

1

Catch the latest buzz

Before the count begins, check out GGaPC.org.

2

Pick your plant

Choose a favorite pollinator plant to monitor.

3

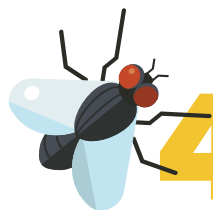

Get to counting

Keep count of each insect that lands on your plant for 15 minutes.

4

Share the results

Fly on over to GGaPC.org and upload your count to the website.
