

Join us as we celebrate the 2022 Great Georgia Pollinator Census, counting pollinators throughout Georgia – and now South Carolina – on August 19 and 20. Share the following social media graphics and sample copy with your networks.

**Important information:**

- Tag us in your posts!
  - Great Georgia Pollinator Census: [Instagram](#), [Facebook](#)
  - UGA Extension: [Instagram](#), [Facebook](#), [Twitter](#)
- Link to our website: <https://ggapc.org/>
- Add your logo to our editable graphics in Canva!
  - **Remember** to use a PNG file, if possible, to avoid a box around your logo. Also, give your logo space to breathe, matching the spacing of the existing UGA Extension logo.

**INSTAGRAM**

**Post**

- **Sample copy:** We are a proud partner of @gapollinators and will be participating in the 2022 Great Georgia Pollinator Census count on August 19 and 20. Join us as we appreciate the insects that help make our world so great!
  - Link for bio: <https://ggapc.org/>
- **Remember** to put the link in your account bio (not the post itself), so it's clickable. Otherwise, viewers won't be able to access the link you shared.
